

## Progress Report on the *Lapchi Children Project*, Dec. 22, 2018

May all be auspicious! Thank you for your kind support.

1. The Lapchi Association accepted two more children from the Lapchi villagers this year. The total number of children staying in the Lapchi Compassion Home is now sixteen. Ten out of the sixteen children obtained sponsorship for this year 2018, and six children are without sponsorship.
2. The Swedish sangha and Ratnashri Meditation Center continue the sponsorship for two children for the fourth year. From October 2017 to now, 14 sangha members have made contributions. The total amount including the list of donations will be handed over to H.E. Nubpa Rinpoche personally in summer 2019. Each donor will be blessed by Rinpoche through their names.
3. The children are doing well. After the school exam in early Dec., the winter break began. They all went home to join their families in Lapchi.
4. They have been well taken care of by the caretakers. They enjoy learning new things in school. They like to do their homework and play in the Lapchi Compassion Home together. During holidays, they sing together and are taken to parks and playgrounds. On hot summer days, they swim in the pool. On special occasions, they visit the Rinchen Ling Monastery to attend some Buddhist celebration ceremonies. At times, they are visited by H.E. Nubpa Rinpoche and Gelong Dorzin Dondup Palden Rinpoche. It is H.E. Nubpa Rinpoche's wish that they receive proper care and education so that they can contribute to the society as well as their home area in Lapchi in the future.
5. Children are growing up healthily, happily and harmoniously. See the enclosed pictures.
6. Right now, the project still runs a deficit since six children are not yet sponsored. Thus, the project must rely on funds from Lapchi Association which currently channels valuable resources from other critical projects aimed at restoring and preserving the holy Lapchi, especially after the massive earthquakes in 2015. We sincerely hope that more sponsorships can be found so that the children home operation can continue.
7. The budget for each child remains the same as last year.
