Your contribution is much needed at this time and we appreciate any help you can offer.

Construction of the foundation has already started, and the remaining building costs include:

- Installation of wooden floors in the Ga Lotsawa room, large shrine room, and sangha room, as well as offering tables and seats for the sangha in each room.

- Installation of wooden floor in the kitchen as well as cooktops, cabinets, and backrest chairs.

-Installation of tile flooring as well as seats for the sangha in the lower shrine room.

A letter from Ka Tashi Monastery

Honored supporters of Ka Tashi monastery and students of Drikung Lamchen Gyalpo Rinpoche from around the world,

As you are well aware, Drikung Lamchen Gyalpo Rinpoche passed into nirvana after fully completing all of his Dharma activities. For those of us who still hold on to views of permanent existence, Rinpoche displayed his passing to another realm, however, in truth he continually watches over us with unceasing love and compassion.

Through the power of Rinpoche's kindness, his work to benefit the Buddha dharma and all sentient beings continues to flourish. Before passing into nirvana, Rinpoche expressed in his last testament the wish for his followers and disciples to construct retreat houses at Ka Tashi monastery in Nangchen, Tibet. In the past year we have already begun to lay the foundations for the retreat houses and are now requesting further help. We are relying on your monetary support, no matter how large or small, in order to accomplish Rinpoche's final wish and complete this project for the benefit the Buddha's teachings and all sentient beings.

We thank all of you for your unwavering support of Ka Tashi monastery and the activities of Lamchen Gyalpo Rinpoche. We look forward to your continued help in the future as Ka Tashi monastery grows and evolves to meet the spiritual needs of Rinpoche's disciples around the world.

Sincerely, Ka Tashi monastery, Nangchen, Tibet
