**His Eminence Lho Ontul Rinpoche gives commentary on**  
**Creation and Completion Stages of Deity Yoga**

**Sat.: May 28 kl. 14:30 CEST**

The generation stage or creation phrase, also known as the phase of imagination and the yoga of fabrications is the first phase of tantric deity yoga in the Unsurpassed Yoga Tantra. Ju Mipham defines the generation stage as follows: "accessing the purity and equality of appearance and existence through conceptual creations and training in accord with the view that ascertains the meaning of the natural continuum of the ground. The completion stage, also known as perfection or fulfilment stage or the yoga of the natural state is the second stage of Unsurpassed Yoga Tantra. Ju Mipham writes that in the completion stage or path of the innate or path of direct perception, the profound methodical pith instructions actualize the tantra of the ground, the great purity and equality that dwells within as the mandala of spontaneous presence.

## Donation to the Sangha in Ukraine

Students of the Garchen Ratnashri Center in the Ukraine are in need of our assistance.

Maryna sent message this morning that a missile struck the town she is in and hit a military supply bunker which was exploding throughout the night. They were hiding in the cellar and she was frightened.

Sangha in Lisichansk are having a hard time with food supply so they have been transferred funds and are helping each other. Families are being sent out of the town but they are staying to help feed the animals and take care of the stupa they built there.
